FREE admission

Created with input from local families, History Clubhouse is a space for families to foster a love of history, learning, and museums. Step back in time, explore, discover, and play in some favorite St. Louis places in a welcoming environment where nothing is hands-off. Walk among the buildings of downtown St. Louis, steer a steamboat on the Mississippi River, prepare food in the ancient city of Cahokia, sell ice cream at the 1904 World's Fair, and learn history along the way!
